

## Sponsorship Concept

Cooperation and partnerships with outside organizations lay the foundation for the successful work of the TU Wien Space Team.

These partnerships can enable us to access technical know-how, machine hours, and other financial or non-cash benefits that would otherwise be beyond us. Therefore, we're always in search of partners who enable, support and promote our endeavors.

As a partner, you would also benefit from the success of the TU Wien Space Team by gaining privileged access to our up-and-coming pool of talent, as well as promotion of your brand in trade shows, on our flying devices and on our uniforms.

Depending on the extent of the sponsorship we offer the following separate categories:

- Platinum sponsors
- Gold sponsors
- Silver sponsors
- Bronze sponsors
- Classic sponsors
- Partners

More details regarding these categories can be found overleaf.

If you are interested in sponsoring or cooperating with the TU Wien Space Team, or would like to find out more please reach out to us:

**Moritz Novak**

President

*moritz.novak@spaceteam.at*

**Taras Weini**

Head of Sponsoring

*taras.weini@spaceteam.at*

For the prospects of our fruitful cooperation,  
on behalf of all of us in TU Wien Space Team

Moritz Novak
